Component Specification

Communications

Level 5

5N0690
1. Introduction
The Further Education and Training Awards Council is the single national awarding body in further education and training in Ireland. It is responsible for determining the standards for named awards at levels 1 to 6 on the National Framework of Qualifications. All named awards are devised in line with the National Qualifications Authority of Ireland's determinations and guidelines.

2. The National Framework of Qualifications
The National Framework of Qualifications comprises 10 levels ranging from initial learning (level 1) to the most advanced levels of learning (level 10).

At each level there are one or more award types. An award type is a grouping of awards that share similar features. The National Qualifications Authority of Ireland has determined Award Type Descriptors for each award type. See [www.nqai.ie](http://www.nqai.ie). The Award Type Descriptor identifies the key strands and sub-strands of knowledge, skill and competence for that award type.

3. Guide to Level
Learning outcomes at this level include a broad range of skills that require some theoretical understanding. The outcomes may relate to engaging in a specific activity, with the capacity to use the instruments and techniques relating to an occupation. They are associated with work being undertaken independently, subject to general direction.

4. Award Specifications
FETAC determines the standards for all awards in partnership with relevant stakeholders. This award was developed in line with the Council policy on Standards Development published in September 2005.

Standards are published in the form of Award Specifications. A Specification is devised in respect of each named award. Each Specification provides a comprehensive description of the features, characteristics and standards of the award.

A Certificate Specification is published for each named major award.

A Component Specification is published for each named minor award. Please note that each component (i.e. minor award) is associated with one or more Certificates (i.e. major, special purpose or supplemental award). See www.fetac.ie.

A Specific Purpose Specification is published for each special purpose award.

A Supplemental Specification is published for each supplemental award.

Standards are expressed in terms of learning outcomes, i.e. concise statements of what the learner is expected to know or be able to do in order to achieve that award.

Learning outcomes for all awards (i.e. major, special purpose, supplemental awards) are contained within the associated Component Specifications.

**Purpose**
The purpose of this award is to equip the learner with the relevant knowledge, skill and competence to communicate verbally and non-verbally in standard everyday tasks and in work-related tasks, operating independently while under general direction.

**Learning Outcomes**

Learners will be able to:

1. Analyse a range of current issues in communications and information technology

2. Summarise in practical terms the elements of legislation that must be observed in a personal and/or work context, to include health, safety and welfare at work and communications-related legislation

3. Use appropriate non-verbal and visual communication in personal- and work-related settings, to include one-to-one, in a group/team, and in formal and informal interaction

4. Demonstrate verbal skills appropriate to working under general direction, to include making a case and presenting a point of view in group discussion, formal meetings, interviews

5. Demonstrate listening skills appropriate to working under general direction, to include making eye contact, receiving and interpreting information, control of personal response

6. Use reading techniques appropriate to a task, to include skimming, obtaining an overview, identifying key points, critical evaluation, in depth analysis

7. Critique information from a range of complex written material, to include technical/vocational, personal, literary, and written and visual media texts

8. Research a relevant vocational topic, to include use of primary and secondary sources, acknowledgement of sources, use of enquiry techniques and methods to establish validity and
9 Use drafting, proofreading and editing skills to write a range of documents that follow the conventions of language usage (spelling, punctuation, syntax), to include creative writing, business proposals, correspondence, reports, memoranda, minutes, applications.

10 Demonstrate communications styles and techniques relevant to different situations in work and leisure, to include one-to-one and group contexts in conversation, interview, oral presentation, question and answer session and for the purposes of persuading, advocacy and informing.

11 Choose the appropriate communications technology to give and receive requests, instructions, suggestions, discussion and feedback in both work and leisure, to include a rationale for choosing one technology over another in different contexts and for different messages.

Assessment

General Information

Details of FETAC's assessment requirements are set out in Assessment Guidelines for Providers.

All FETAC assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence.

The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are reliable and valid but which are more appropriate to their context.

Assessment of a number of components may be integrated across programmes for delivery, provided that the learning outcomes of each minor award are assessed.

Group or team work may form part of the assessment, provided each learner's achievement is separately assessed.

All providers are required to submit an assessment plan as part of their application for programme validation. Assessment Plans will include information relating to scheduling and integration of assessment. See FETAC's Provider Guidelines for Programme Validation.

Assessment Techniques

In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.

The assessor is responsible for devising assessment instruments (e.g. project and assignment briefs, examination papers), assessment criteria and mark sheets, consistent with the techniques identified below and FETAC's assessment requirements.

Programme validation will require providers to map each learning outcome to its associated assessment technique. See FETAC's Provider Guidelines for Programme Validation.
All learning outcomes must be assessed.

Portfolio / Collection of Work 50%
Skills Demonstration 50%

**Description**

**Portfolio / Collection of Work**

A portfolio or collection of work is a collection and/or selection of pieces of work produced by the learner over a period of time that demonstrates achievement of a range of learning outcomes. The collection may be self-generated or may be generated in response to a particular brief or tasks/activities devised by the assessor.

**Skills Demonstration**

A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.

**Recognition of Prior Learning (RPL)**

Learners may be assessed on the basis of their prior knowledge and experience. Providers must be specifically quality assured to assess learners by this means. To do so they must complete B10, see Provider's Quality Assurance Guidelines and be included on the Register of RPL approved providers. See RPL Guidelines at www.fetac.ie for further information and registration details.

**Grading**

<table>
<thead>
<tr>
<th>Grade</th>

<td>80% - 100%</td>
</tr>
</tbody>
</table>

**Specific Validation Requirements**

There are no specific validation requirements for this award.

**Supporting Documentation**

None

**Access**

To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.

**Transfer**

Successful completion of this component award enables the learner to transfer to programmes leading to other certificates where this component is a mandatory or an elective requirement.
